

No.	Item	Remarks
1	Location, Country of the Projects	
2	What's Total Capacity (Watts) of solar Project ?	
3	Watts for Solar Panel	
4	Layout of Solar Panels (Landscape or Portrait installation)	
5	Requirement on the lowest height between solar panels and ground	
6	Module Size ? Length * Width * Thickness	
7	how many modules per array	
8	Wind Load: xx m /s ?	
9	Snow Load: kN/m ²	
10	is it normal roof tile or color steel tile or others ?	
11	How many arrays / units	
12	Installation angle of solar panels?	
13	Main material ?	
14	Height of the building?	
15	structure foundation type?
